| Description of Organization  |  |
| The mission of Gabe's Chemo Duck program is to use education and empowerment to support positive healing in lives touched by cancer and create a unified voice to make understanding the causes of cancer a national priority.   |  |
| Programs Available   |  |
| Chemo Duck Companion Chemo Duck is a cuddly pal who can provide endless reassurance for a child in a traumatic situation but he also serves a very important role as part of your child's medical team. He is a powerful teaching tool to familiarize children with cancer protocol and procedures. Parents undergoing chemotherapy can also use him to educate children about the treatment they are receiving. Gabe's Chemo Duck is a program of the ASCEND Foundation. ASCEND's quest is to bring an end to cancer. Until they reach that goal, they are determined to make every child's battle with cancer a little less stressful. With the help of Chemo Duck, a child can better understand what they are going through. |  |
| Eligibility for Services   |  |
| Any pediatric oncology patient, free of charge. No location requirement.   |  |

**Notes:**

# Categories and Icons
